

Please indicate in the space below any additional items, not specified on our order form.

- Please attach sketch with approximate dimensions with your order and indicate on which side the doors are to be hinged.

- Assembly

We recommend that the building is assembled onto a concrete base with one course of brickwork (infilled after completion).
On receipt of order we will advise as to base specification

- Roofing required (please indicate)

Onduline: Black Red Green
(included in price) (Both red and green : additional £30 per box)

Shingles: Black Red Green
(Add £150 per box on the Onduline price)

Terms & Conditions of sale

- | | |
|--|---|
| <p>1. Prices are held firm for a period of 4 months from receipt of order.</p> <p>2. Clerical errors, either verbal or in writing may be subject to correction.</p> <p>3. Delivery dates are quoted as accurately as possible, but circumstances beyond our control may result in the time of delivery being altered.</p> <p>4. Owing to our continual efforts to improve our products, we reserve the right to change or amend our specifications without prior notice.</p> <p>5. As timber is a natural product we cannot accept responsibility for any shrinkage, cracking, warping or the like, following construction. Loose knots, splits and shakes, which may develop due to seasonal climatic change, do not impair the structural stability of the building. To maintain the condition of the timber we recommend further treatment of the external timber be carried out at least annually or more frequently on exposed sites.</p> <p>6. All civil works, ground work or brickwork are the responsibility of the client. We can accept no responsibility for the ingress of water due to the base and brickwork not having been constructed to our specification. Field shelters assembled directly onto a level earth site will be staked down. Additional site fixings may be necessary on exposed sites, and are the responsibility of the client.</p> <p>7. Our reputation has been built on customer service and as such we undertake to rectify any faults due to materials or workmanship. This does not extend to damage caused by storms or impact.</p> | <p>8. To confirm an order we require 20% deposit the balance to be paid in all circumstances upon completion directly to the driver. On orders exceeding £10,000 net value, negotiated stage payments will be required. We reserve the right to enter the property and dismantle and remove buildings not paid for on completion.</p> <p>9. Assembly and unloading within 25m of the site is free on to sites with safe access for our delivery wagon. Additional labour charges will be made for inaccessible sites and where necessary the client is to provide a tractor and trailer to transport the sections to the site. Should vehicle towing be necessary as a result of the site being inaccessible this will be the responsibility of the client.</p> <p>10. Elevation drawings are available for planning purposes etc. We make a nominal charge of £90 + VAT for these drawings which is refundable against the order deposit.</p> <p>11. Following completion of assembly all waste material will be left for use or disposal by the client.</p> <p>12. All goods remain the property of Withington Hill Ltd until full payment is made and until such payment is made, the buildings are to remain unoccupied.</p> <p>13. The agreement shall be governed by and construed in accordance with English Law. Each of the parties irrevocably submits for all purposes in connection with this agreement to the exclusive jurisdiction of the courts of England.</p> |
