Please send detailed directions to the site with your order. Detach order form and return by post to:-
Withington Hill Ltd, Unit 1, Canal Foundry, Albion Road., New Mills, High Peak, Derbyshire, SK22 3EY
Tel. 01663 747742, Fax. 01663 749124

Terms & Conditions

- Prices are held firm for a period of 4 months from receipt of order.
- Clerical errors, either verbal or in writing may be subject to correction.
- Delivery dates are quoted as accurately as possible, but circumstances beyond our control may result in the time of delivery being altered.
- As timber is a natural product we cannot accept responsibility for any shrinkage, cracking or warping or the like, following construction. Loose knots, splits and shakes, which may develop due to seasonal climatic change, do not impair the structural stability of the building.
- All civil groundwork or brickwork are the responsibility of the client.
- Our reputation has been built on customer service and as such we undertake to rectify any faults due to materials or workmanship. This does not extend to damage caused by storms or impact.
- To confirm an order we require a 20% deposit. On orders exceeding £10,000 net value, negotiated stage payments will be required. We reserve the right to enter the property and dismantle and remove buildings not paid for on completion.
- Delivery and assembly are included in the price where there is unimpeded access from our delivery truck to within 50 metres of the site. Should additional handling be required extra labour charges may be incurred.
- Following completion of assembly all waste material will be left for use or disposal by the client.
- All goods remain the property of Withington Hill Ltd and are to remain unoccupied until full payment is made.

BUILDINGS IS SOURCED FROM MANAGED FORESTS.

Specifications

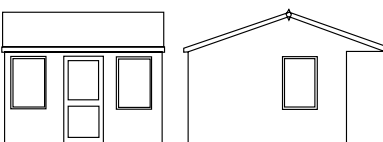

SUMMERHOUSE

All our summerhouses are built on a rigid frame of 75mm x 50mm timbers and clad in either European Redwood boarding which has been specially machined to a deep tongue and groove shiplap pattern, or alternatively clad in tongue and groove log lap. Internally the linings can either be pine tongue and groove boarding or plywood. The standard cost includes for 4 top hung windows and double doors, single glazed. Double glazed and leaded glass also available. All glazing is safety glass. The roof is internally lined to match the walls and finished in either cedar or felt shingles. The walls and roof can be fully insulated if required and the floor is 150mm x 25mm tongue and groove floor boarding. We can pre wire the building to enable an electrician to complete any electrical installations. All external cladding is vac-vac treated to give a 20 year guarantee against fungal decay and insect attack and is available in various colours. No further treatment is required to maintain the preservative properties.

HOME OFFICE

All our home offices are built on a rigid frame of 75mm x 50mm timbers and clad in either European Redwood boarding which has been specially machined to a deep tongue and groove shiplap pattern, or alternatively clad in tongue and groove log lap. Internally the linings can either be pine tongue and groove boarding or plywood. The standard cost includes for four top hung double glazed windows, 1 pair of double glazed entrance doors which can be leaded or plain. All glazing is safety glass. The roof is internally lined to match the walls and finished in either cedar or felt shingles. The walls and roof are fully insulated. The floor is 150mm x 25mm tongue and groove floor boarding. The buildings are pre wired to enable an electrician to complete any electrical installations. All external cladding is vac-vac treated to give a 20 year guarantee against fungal decay and insect attack and is available in various colours. No further treatment is required to maintain the preservative properties.

GARAGES & WORKSHOPS

All our garages/workshops are built on a rigid frame of 75mm x 50mm timbers and clad in either European Redwood boarding which has been specially machined to a deep tongue and groove shiplap pattern, or alternatively clad in tongue and groove log lap. The walls are fully lined with OSB (other linings on request). Onduline roofing (black, red or green) or felt/cedar shingles as an option. The price includes 1 pair of timber garage doors, one personnel door and 4 non-opening windows to one side. All external cladding is vac-vac treated to give a 20 year guarantee against fungal decay and insect attack and is available in various colours. No further treatment is required to maintain the preservative properties.

We quote for standard sizes and designs but as each building is made to customer's own specification the number and design of windows doors etc, is exactly to your own requirements. Insulation and double-glazing can be included if required.

OTHER BUILDINGS

All other timber buildings are built to the same general specification with a variety of internal and external finishes and designs to suit the exact requirements of our clients, at comparable prices to our standard buildings.

Price List May 2008
